

YOUR NEW ZEALAND MANUFACTURED ORGANIC SOLUTION
TO A CLEAN GREEN ENVIRONMENT

Bio-Zyme Multipurpose

Enzyme based cleaner/sanitiser* (*only under MPI Approvals) | Non Fragrant

An environmentally-preferable cleaner, **Bio-Zyme Multipurpose** is the safer and healthier alternative to toxic cleaners, solvents, caustics and bleaches.

Bio-Zyme Multipurpose cleans floors, walls, benches and all food processing equipment. It cleans more than just visible surfaces, but also cleans and deodorises floor waste pipes and drains. Works very effectively through foaming or fogging application for greater coverage in food processing areas. May be used for cleaning large processing rooms provided the room can be divided into distinct areas. No edible product or packaging may be present in the area during cleaning and there can be no possibility of contamination of product or packaging material as a result of cleaning. When using as sanitiser* (*only under MPI Approvals) contact time 1 minute, then rinse with potable water after application.

Where to use

- Freezing works
- Abattoirs
- Food processing
- Butchery / Bakery
- Kitchen / Food prep

Features & Benefits

- Fully neutralises contaminants as a biodegradable cleaner
- Reduces the number of chemicals used or stored on site
- Environmentally-preferable
Eco Choice Aotearoa Licensed
- Laboratory tested - ask us about our test results (available on request)
- Safe to use in food and processing areas - Leaves no residue
- Non-fragrant
- Cost effective
- Enhances and conditions wastewater treatment systems

Technical Data

- Eco Choice Aotearoa Licensed
- BioGro Certified
- MPI Approval C31
- Dairy Approved and Recognised
- Endorsed by NZ WWT manufacturers
- Hill Laboratories tested AOAC
Official method 960.09
- Eurofins Laboratory Tested

Safety

- Do not swallow
- Keep out of reach of children
- Avoid contact with eyes
- If eye contact occurs wash out with potable water

Available in 1L, 5L,
20L, 200L, 1000L

Section 1: Identification of the Substance and the Supplier.

Product Name: **Bio-Zyme Multi-Purpose**
Recommended use: Enzyme based deodoriser, cleaner and sanitiser
Company details: Bio-Zyme NZ Ltd
Address: 12 Wigram Close, Sockburn
PO Box 323, Christchurch 8140
Telephone number: 0800 24 69 96
Email: office@biozyme.co.nz
Emergency Phone No: 0800 243 622 (0800 CHEMCALL) for out of hours advice

Section 2: Hazards identification

Road and Rail Transport: Not Classified as a Dangerous Good under NZS 5433
(Transport of Dangerous Goods on Land)

Not classified as a hazardous according to the criteria of the New Zealand Hazardous Substances and New Organisms act.

SIGNAL WORD: Warning

HSNO classifications:	GHS classifications:
6.3 B	-
6.4 A	Eye irritation Category 2

EPA NZ Approval: HSR 002530 Cleaning Products (Subsidiary) Group Standard 2020

Hazard Statement(s):

H316 – Causes mild skin irritation.
H320 – Causes eye irritation.

Precautionary Statements

Prevention:

P103 – Read label before use.
P264 – Wash hands thoroughly after handling.

Response:

P305+P351+P338 – IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

P332+P313 – If skin irritation occurs: Get medical advice/attention.

P337+P313 – If eye irritation persists: Get medical advice/attention.

Disposal:

P501 Dispose of contents and container in accordance with relevant legislation.

For additional information see section 13 of this SDS.

Section 3: Information on Ingredients

Components	CAS Number	Proportion
Non-Ionic Surfactant	68439-46-3	5 % w/w
Citric Acid	77-92-9	0-5 % w/w
Lactic Acid	79-33-4	0-5 % w/w
Non Hazardous ingredients incl water	-	Balance to 100%

Section 4: First Aid Measures

If medical advice is needed, have product container or label at hand.

First Aid: Call a Doctor or National Poisons Centre 0800 POISON (0800 764 766) following first aid treatment.

Skin Contact: Rinse skin with plenty of water. Remove contaminated clothing and wash before re-use. If skin irritation or rash occurs get medical advice

Eye Contact: Rinse with water for several minutes, remove contact lenses if present and easy to do, continue rinsing.
Call a POISON CENTRE or doctor for advice.

Ingestion: Rinse mouth, **DO NOT** induce vomiting.
IMMEDIATELY call a POISONS CENTRE or doctor.

Inhalation: If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing.

Medical attention and special treatment: Treat symptomatically

Section 5: Fire Fighting Measures

Hazards from combustion products: Normally stable. Under extreme heat organic vapours of carbon, nitrogen and sulphur may evolve.

Precautions for fire fighters and special protective equipment: Wear protective firefighting clothing (includes firefighting helmet, coat, trousers boots and gloves). Wear a positive-pressure self-contained breathing apparatus (SCBA) especially when in confined spaces.

Suitable extinguishing media: All means of extinguishing are acceptable.

Hazchem: N/A

Section 6: Accidental Release Methods

Personal Protective Equipment advice is contained in Section 8 of this SDS.

Method and materials for containment and clean up: Contain spill with sand or other absorbent material and transfer to plastic drums for approved disposal. Wash away small spills with water. Avoid contamination of waterways

Section 7: Handling and Storage

Personal Protective Equipment advice is contained in Section 8 of this SDS.

Precautions for safe handling: Normal work and hygiene practices for handling non-hazardous liquid material. Avoid contact with eyes.

Conditions for safe storage: Store in suitable label containers. Keep out of reach of children.

Section 8: Exposure controls/Personal protection

Workplace Exposure guidelines: Minimise exposure by good ventilation. Consider use of respirator if working in confined or unventilated spaces

Ventilation specification: Minimise exposure by good ventilation. Consider use of respirator if working in confined or unventilated spaces.

Personal Protective equipment: Wear protective gloves, clothing, eye protection and safety footwear.

Section 9: Physical and Chemical Properties**PHYSICAL PROPERTIES**

PROPERTY	VALUE
State:	Liquid
Colour:	Dark brown
Odour:	Malt like odour
Odour threshold:	Not applicable
Freezing point:	No data available
Melting range:	No data available
Boiling range:	No data available
Solubility in water:	100%
Evaporation rate:	No data available
Specific gravity:	1.03 @ 20°C
pH:	2.5 approx
Flash point:	Not applicable
Flammability:	Not applicable- non flammable

Upper/lower flammability limits:	Not applicable
Auto ignition temperature:	Not applicable
Vapour pressure:	No data available
Vapour density:	No data available
Decomposition temperature:	No data available
Viscosity:	No data available
Partition coefficient: n-octanol/water	No data available

Section 10: Stability and Reactivity

Chemical Stability:	Product is stable under normal conditions of use, storage and temperature.
Conditions to avoid:	Avoid excessive heat, direct sunlight, and temperature extremes.
Material to avoid:	None known.
Hazardous decomposition products:	None known.
Hazardous reactions:	Oxides of carbon and nitrogen may form under extreme heat.

Section 11: Toxicological Information

No adverse health effects expected if the chemical is handled in accordance with the Safety Data Sheet and Chemical label. Symptoms or effects that may arise if the chemical is mishandled and over exposure occurs are:

Ingestion:	If swallowed, may cause irritation to throat, oesophagus and stomach, with symptoms of nausea, abdominal discomfort, vomiting and diarrhoea.
Eye contact:	Irritant. On eye contact may cause tearing, blurred vision and redness.
Skin contact:	With prolonged skin contact may cause irritation, itching and redness.
Inhalation:	Not consist a hazard under normal conditions of use.
Long term effects:	Not consist a hazard under normal conditions of use.

Acute toxicity:	No known significant effects or critical hazards.
Skin irritation/Corrosion:	X
Serious eye: Damage/irritation:	X
Respiratory or Skin sensitisation:	X
Mutagenicity:	X
Carcinogenicity:	X
Reproductivity:	X
STOT – Single exposure:	X
STOT – Repeated exposure:	X
Aspiration Hazard:	X
Narcotic effect:	X
X=	Data either not available or does not fill the criteria for classification.

Section 12: Ecological information

Ecotoxicity:	Not considered to be a hazard in the environment, but must be used as per manufacturers instruction
Biocumulative & degradability	Readily biodegradable.
Mobility in soils:	No data available.
Bioaccumulation:	No known or significant effects or critical hazards.
Other adverse effects:	No known or significant effects or critical hazards.

Section 13: Disposal considerations

Product:

Recycle if possible.
Dispose of spent solution to sewer.
Avoid contamination of waterways.

Packaging:

Recycle if possible. All containers are recyclable
Packaging if not recycled should be rendered incapable of containing any material.
Puncture containers to prevent reuse and take to an authorised landfill.

Section 14: Transport information

Road and Rail Transport: Not Classified as a Dangerous Good under NZS 5433 (Transport of Dangerous Goods on Land)
Marine, Air Transport: Similar listing as for Road and Rail Transport apply

Section 15: Regulatory Information

Not classified as a hazardous according to the criteria of the New Zealand Hazardous Substances and New Organisms act 2020.

EPA NZ Approval: HSR 002530 Cleaning Products (Subsidiary) Group Standard 2020

MPI Approved (all animal products except dairy) C31

MPI Approved for use in farm dairies. "but not in processing equipment"

MPI Recognised for use in dairy processing. "but not in processing equipment"

BioGro Organic certification: Certified Input for Organics #4839

Eco Choice Aotearoa: EC-58-19 Detergent & cleaning products

Section 16: Other information

Abbreviations:

EPA NZ – Environmental Protection Authority, New Zealand

GHS – Globally harmonized system.

MPI – Ministry of Primary Industry

STOT – Specific target organ toxicity.

Disclaimer: This SDS summarises our best knowledge at the date of issue, the chemical health and safety limits of the material and general guidance on how to safely handle the material in the workplace. Since Bio-Zyme NZ Ltd cannot anticipate or control the conditions under which the product may be used, each user must, prior to usage, assess and control the risks arising from its use of the material. If clarification or further information is required, the user should contact Bio-Zyme NZ Ltd

Reason for revision 7 update: Update to include GHS7classification.

Reason for revision 8 update: General revision.

3 August 2022

Bio-Zyme NZ Ltd
PO Box 323
Christchurch

Trade Name: Bio-Zyme Multi Purpose
Description: Cleaner Sanitiser
Code: C 31

Approvals:

This compound is approved for use in premises processing all animal product except dairy, operating under the Animal Products Act regime.

This approval is under the following regulations, subject to the conditions stated in this approval:

1. Regulation 247 of the Animal Products Regulations 2021 and Regulation 18 of the Animal Products (Regulated Control Scheme – Limited Processing Fishing Vessels) Regulations 2001

Conditions:

1. This may be used in all areas.
2. Before use, all edible product and packaging material must be removed from the room, unless the room can be divided into distinct areas, no edible product or packaging material is present in the area during cleaning and there can be no possibility of contamination of product or packaging material as a result of cleaning.
3. After using this compound, food contact surfaces must be thoroughly rinsed with potable water before production starts.

This approval may be withdrawn at any time due to unapproved directions for use, or unsatisfactory performance, or any change in product formulation. The Ministry for Primary Industries (New Zealand Food Safety) must be notified if the holder of this approval wishes to transfer their products to another entity.

The product must be used in accordance with the manufacturer's instructions and specifications. The label may include a statement to the effect that the product is approved for use in premises registered under the Animal Products Act regime. Any statements made, however, must include the approval code and must be limited to the following unless otherwise specified:

MPI Approved C 31 (All animal product except dairy)

Note: Former NZFSA statements must be removed from your labels.

This approval must not be used as a Ministry for Primary Industries (MPI) endorsement of any claim made for the product by the manufacturer.

This approval will remain valid until 21 July 2027 unless the approval is revoked by notice in writing at an earlier stage.

Any queries regarding this approval should be directed to MPI Approvals by either telephone on 04 894 2550 or by e-mail at approvals@mpi.govt.nz.

Yours sincerely,

Maree Zinzley

Official Receipt G.S.T. 64-558-838

Received from: **Bio-Zyme NZ Ltd**

Maintenance compound approval fee for: **Bio-Zyme Multi Purpose**

04/02/2022

Trevor Proffit
Bio-Zyme NZ Limited
PO BOX 323
Christchurch 8140

Dear Trevor,

APPROVAL OF DAIRY MAINTENANCE COMPOUND

The product **Bio-Zyme Multipurpose** has been considered in conjunction with the independent assessment reports provided and determined to satisfy the requirements of regulation 30(3) of the Animal Products (Dairy) Regulations 2005 and regulation 43 of the Raw Milk for Sale Consumers Regulations 2015, when used in accordance with the label.

This approval of the compound is subject to the following conditions:

1. For use in external areas only.
2. Not for use on milk transport tanks or silos and tanks for the storage of milk, food or ingredients.

Where this **approval** is stated on the product label, the statement "MPI approved for use in farm dairies" is to be used unless an alternative is agreed in writing by MPI.

Should this product be determined to be unsatisfactory when used as per the label or as per any recommendation provided by the manufacturer or an agent of the manufacturer, MPI may amend or withdraw this approval.

Review

This approval is valid for a maximum period of 5 years but is subject to periodic review and may be withdrawn at any time should the Director-General determine that there is sufficient evidence that the products are not fit for the purpose for which this approval applies. You will be issued a letter prior to the review date, which is set at **4 February 2027**, but you are responsible for ensuring that this review is completed if you wish to retain MPI approval of the above dairy maintenance compound.

Yours faithfully

Maree Zinzley

Trevor Proffit
Bio-Zyme NZ Limited
P. O. Box 323
Christchurch 8140
New Zealand

Dear Trevor,

RECOGNITION OF DAIRY MAINTENANCE COMPOUND

The product **Bio-Zyme Multipurpose** has been considered in conjunction with the independent assessment reports provided and determined to satisfy the requirements of regulation 30(3) of the Animal Products (Dairy) Regulations 2005 and regulation 43 of the Raw Milk for Sale Consumers Regulations 2015, when used in accordance with the label.

This recognition of the compound is subject to the following conditions:

1. For use in external areas only
2. Not for use near air intake/ventilation to processing areas
3. Not for use on milk transport tanks or silos and tanks for the storage of milk, food or ingredients.

Where this **recognition** is stated on the product label, the statement "MPI recognised for use in dairy processing" is to be used unless an alternative is agreed in writing by MPI.

Should this product be determined to be unsatisfactory when used as per the label or as per any recommendation provided by the manufacturer or an agent of the manufacturer, MPI may amend or withdraw this recognition.

Review

This recognition is valid for a maximum period of 5 years but is subject to periodic review and may be withdrawn at any time should the Director-General determine that there is sufficient evidence that the products are not fit for the purpose for which this recognition applies. You will be issued a letter prior to the review date, which is set at **26 August 2026**, but you are responsible for ensuring that this review is completed if you wish to retain MPI recognition of the above dairy maintenance compound.

Yours faithfully
